Product Name :Digital Penetrometer

Product Code:
LABENGINEERING-INDIA-CAT310009

Description:

Digital Penetrometer

Technical Specification:

Technical Specifications:

Programmable reference positions for holder assemby: 8

Programmable penetration time: 0-9999 sec

Programmable delay time: 0-999 sec

Penetration range: 0-50 mm Penetration resolution: 0.01 mm

Tests simultaneously displayed: up to 6

Connections: USB port for test database and Lan port for PC connection

Overall dimensions (wxdxh): 360x410x680 mm

Weight approx.: 21 Kg

Engineering Lab Equipment India
