Product Name:Field CBR Test Set

Product Code:
LABENGINEERING-INDIA-CAT290049

Description:

Field CBR Test Set

Technical Specification:

CBR test can be performed not only in laboratory but also in-situ.

proposes a dual purpose test assembly that, connected to the suitable accessories, can satisfy both needs: For field testing, it includes all necessary components that, along with vehicle bracket, can be used for in-situ determination of bearing capacity of soils used in road construction.

Alternatively, for laboratory testing, our frame can be assembled with the main components, to create a hand operated CBR machine.
