

Product Name :
Robotics Learning Trainer**Product Code :**
LABENGINEERING-INDIA-CAT120005**Description :**

Robotics Learning Trainer

Technical Specification :**FEATURES:**

- Includes 5-axis articulated servo robot arm
- Features a state-of-the-art teach pendant
- Teaches articulated arm servo robotics and how its applied in industrial tasks
- Provides various programming opportunities

SPECIFICATION:

- A heavy-duty, mobile robotics workstation capable of supporting industrial quality robots, feeders, fixtures and other accessories.
- The workstation is constructed of heavy-duty welded tube steel and a perforated steel top.
- The perforated work surface enables fixtures and tooling to be quickly attached and removed, allowing multiple groups to share the use of the robotic workstation.
- A state-of-the-art device that features two-line display, an emergency stop button, jog capability, and four soft keys which allows the robot to take on a variety of functions according to the menu shown on the teach pendant display.
- This unit becomes a handheld programming terminal, enabling users to enter and edit teach points.
- A sample copy of the Robotics 1 Student Reference Guide is also included with the system for your evaluation.
