

Product Name :
Dust Chip Remover

Product Code :
LABENGINEERING-INDIA-CAT130026

Description :

Dust Chip Remover

Technical Specification :

Double nylon brushes equipped with the suction fan.

Working width: 1300 mm.

Work-piece length: Min 350 mm.

The length of conveyor belt: 5100 mm.

Workpiece thickness: 30-50 mm.

Feeding speed: Max 23 m/min.

Working height: 900 ±20 mm.

Blow dust motor: 0.25 kW (4PCS).

Total motor power: 4 kW

Feeding motor: 1.5 kW.

Brush motor: 1.5 kW.
