Product Name:CNC Plasma Cutting Machine

Product Code :LABENGINEERING-INDIA-CAT140003

Description:

CNC Plasma Cutting Machine

Technical Specification:

FEATURE:

High Stability- the advanced mechanism designs ensure the high performance of the dynamic response. Reduce the finishing work- as the cutting error is very small, so can reduce the work piece reworking. Automatic height tracking system- Automatic level control systems with fast response characteristics have guaranteed the quality under the condition of high-speed cutting.

Easy Installation and maintenance- Reasonable modular design is convenient for assembly and maintenance.

SPECIFICATION:

Automation Grade: Automatic

Machine Type: CNC Cutting Machine

Finishing: Powder Coated

Max Cutting Length: 0-500 mm, 500-1000 mm

Max Cutting Speed: 500-1000 mm/min

Max Cutting Thickness: 15 mm
Max Cutting Width: 500-1000 mm

Accuracy: ±0.02mm

Repeatability precision: ±0.02mm

CNC Plasma Cutting Machine from India for Engineering Lab

CNC Plasma Cutting Machine, CAD CAM Lab, Trainer, Engineering Lab, Engineering Lab Equipment, Mechanical Engineering, Lab Equipment, CAD, CAM, CAD CAM Trainer
