

Product Name :
Soil Sampler Cutter and Extruder

Product Code :
LABENGINEERING-INDIA-CAT290031

Description :

Soil Sampler Cutter and Extruder

Technical Specification :

consolidation
shear
triaxial
permeability
other tests

The cutter is gently (thank to the rack and pinion mechanism) pushed into the soil core and then extruded with the extrusion dolly.
Various circular, cylindrical and square cutters are available from our range, depending on the geotechnical test to be performed.
