

Product Name :
Pneumatic Training Kit**Product Code :**
POL-PTE0001**Description :**

Pneumatic Training Kit

Technical Specification :

DC current: input AC 220V, output: DC 24V/3A

Air compressor (basic configuration small machine): power supply: AC 220V±10% 50Hz, power of electrical machine: 1/8HP

Rating volume: 6L. Rating output air pressure: 0.85MPa. Noise grade: 66dB

Groove interval: 25mm

Overall dimension: 470*560*260mm

Dimension of base board: 450*480mm
